NUMBER 38

SUMMER-FALL 1996

ONE DOLLAR

MASTER CATALOG

## Welcome To The Round Flat Catalog...

I hope everything is going well in your neck of the woods. Things are pretty good over here in always sunny Buffalo. The mailbox has been filled to the brim, and there have been some pretty cool shows in the area.

This is the largest catalog I have released since the beginning in 1990 --- 32 pages packed with cheap ass prices and bizarre releases from pretty much every label under the sun. I have added a bunch of new labels like SST, Relapse, Grass, Some Bizarre, Century Media and Nuclear Blast and added tons of new titles from 4AD, Frontier, Shimmy Disc, and Nettwerk.

I have also lowered a bunch of our prices, especially in the CD section.

A little tip for people getting this catalog for the first time, I have noticed on a lot of orders that people go through the catalog with a highlighter to make it easier to pick out what they need. Give it a try, it seems to work quite well.

I have dropped the picks of the catalog section and replaced it with oversized type in the body of the catalog. If it's bigger, I recommend it.

A lot of people ask me what I have been listening to, so here's the a list in no particular order of what I have been checking out lately and I would recommend these....

Blogger ITA - *Anti Fascist Action*, Hammerhead *Ethereal Killer & Duh*, *The Big City*, TVTV\$ - *Pepsi Generation X*, Rhythm Collision - *Clobber*, Unwound - *Repetition*, Bush - *Sixteen Stone*, Man Or Astroman - *Gravity On The Moon*, SFA *Unclean 7"*.

If you're looking for the cheapest prices around on the really bizarre, you have come to the right place. Can't find that release at your local record store or through the other homogenized mail orders? Take your time, get a cold iced tea and page through my biggest catalog ever.

Many of you have been taking advantage of our ability to take credit cards. It's the easiest way, safest, and eliminates the need for credit slips. You only get billed for what we ship.

Thank you for your continued support and helping Round Flat grow constantly over the past six years from a one page flyer to this

32 page monster.

Take care,

Curt

PS - When you are through with this catalog can you please pass it on to someone else who may be interested. Thanks in advance.

### 1/2 Deal!!!

We get left with a lot of one's & two's of certain titles and we can't list them in the catalog for obvious reasons, so we're offering grab bags. We mostly have 7" & 12" with a few Cassettes & CDs. Here's the deal, if you send me \$5, I'll send you \$10 in merchandise. Or if you send in \$10, I'll send you \$20 worth of merchandise. We can do whatever quantity you like. I can't offer specific titles but if you tell me what styles of music you like and preferred formats, I'll do my best to fill it.
